

## Men's Hat Sizing / Unisex Hat Sizing

Heads come in all shapes and sizes - To determine your hat size, measure the circumference around your head, keeping the tape level and firm, across the temples and above the eyebrow ridges.

Convert to hat size using the chart below.

If your sizing falls in-between measurements use the next size up.

## Ladies Millinery

### How to measure:

Measure in inches around the largest part of the head with a tape measure above the brow ridge. If you are going to wear your hair in an up swept hair style or if you are going to be wearing a wig please take into account when measuring your head. We suggest, to wear the wig when measuring your head for the most accurate sizing.
